

EC-Conformity Certificate

We herewith declare that the following named machine, based on its conception and design, and in the form brought into service is in accordance with the relevant, basic safety and health requirements of the following EC directives. In case of any alteration of the machine not coordinated with us, this certificate loses its validity.

- 1) Machine directive 98/37/EC and appendix
- 2) Electromagnetic compatibility-regulation 89/336/EEC and appendix
- 3) Noise directive 2000/14/EC (Evaluation procedure according to appendix 6) 1), 2005/88/EC

Designation of the machine: **Hydraulic Excavator**
Manufacturer: **Takeuchi, Japan**
Model: **TB016S**
Serial no.: **11614509**
Year of construction: **2007**
Engine type: **3TNV70-STB**
Engine performance: **10.1 kw@ 2,200 rpm**

Ref. 3) Measured mean noise level in a configuration typical for this type of machine:

LWA 91.58

Guaranteed noise level for this configuration:

LWA 93.00

The machines are in accordance with the requirements of EC regulations:

- 1) Machine regulation : 91/368/EEC and 93/68/EEC
and all further appendices, however not limited on the consolidation in
98/37/EC ;
- 2) Noise regulations : 2000/14/EC, 2005/88/EC and appendices ;
- 3) Electromagnetic compatibility regulation: 89/336/EEC and appendices ;
- 4) Regulations on engine emissions : 97/68/EC and appendices.

Harmonized norms: EN 474, part 1 (1994 ratification) and others, when appropriate.

Following conformity evaluation procedure (related to the regulations under above position 2): 2000/14/EC appendix (indicate VI, VII or VIII)

Type test certificate of TBG Munich No. 98117-E :

Technical documentation (related to the regulations under above position 2) is kept at:
company Wilhelm Schäfer GmbH in Mannheim, Germany.

Issued in Sakaki, Japan: 2007/02/03

Through: 1. Surname: Takeuchi
2. First name: Akio
3. Position: President
